Volume 15, 1999

Subject Index

- AAPM President's Message
 - Outcomes effectiveness research, 77
 - Presidential address, 4
- Abuse
 - Self-reported abuse history and pain complaints among young adults, 85
- Adolescents
 - Biobehavioral responses to acute pain in adolescents with a significant neurologic impairment, 201
 - Non-pharmacologic strategies used by adolescents for the management of menstrual discomfort, 313
- Aged
 - Chronic pain in the elderly: Occupational adaptation as a means of coping with osteoarthritis of the hip and/or knee, 275
- Allodynia
 - Pain and somatosensory dysfunction in acute herpes zoster, 78
- Analgesics
 - Long-term opioid analgesic therapy for severe refractory lumbar spine pain, 136
- Appraisal
 - Does gender affect appraisal of pain and pain coping strategies?, 31
- Assessment
 - Empirical test of the factor structure of the West Haven-Yale Multidimensional Pain Inventory, 24
 - Validation of the premature infant pain profile in the clinical setting, 297
- Back pain
 - Efficacy and safety of controlled-release *versus* immediate-release oxycodone: Randomized, double-blind evaluation in patients with chronic back pain, 179
- Beck Depression Inventory
 - Toward more accurate use of the Beck Depression Inventory with chronic back pain patients, 117
- Cancer pain
 - Intrathecal coadministration of bupivacaine diminishes morphine dose progression during long-term intrathecal infusion in cancer patients, 166
 - Intravenous titration with morphine for severe cancer pain: Report of 28 cases, 173
- Cardiac autonomic response
 - Biobehavioral responses to acute pain in adolescents with a significant neurologic impairment, 201
- Causalgia
 - Subcutaneous infusion of lidocaine provides effective pain relief for CRPS patients, 67
- Children
 - Pain assessment and treatment in children with cognitive impairment: A survey of nurses' and physicians' beliefs, 304
 - Short and long-term outcomes of children with complex regional pain syndrome type I treated with exercise therapy, 218
- Chronic back pain
 - Toward more accurate use of the Beck Depression Inventory with chronic back pain patients, 117
- Chronic pain
 - Chronic pain in the elderly: Occupational adaptation as a means of coping with osteoarthritis of the hip and/or knee, 275
 - Chronic pain management in a health maintenance organization, 50
 - Validity of the *Dictionary of Occupational Titles* residual functional capacity battery, 102
- Chronic pain patients
 - Prediction of "intent," "discrepancy with intent," and "discrepancy with nonintent" for the patient with chronic pain to return to work after treatment at a pain facility, 141
 - Validity of self-reported drug use in chronic pain patients, 184
- Chronic pain treatment
 - Disease-specific and generic health outcomes: A model for the evaluation of long-term intrathecal opioid therapy in noncancer low back pain patients, 122
- Chronic regional pain syndrome, type I
 - Short and long-term outcomes of children with complex regional pain syndrome type I treated with exercise therapy, 218
- Clinical validation
 - Validation of the premature infant pain profile in the clinical setting, 297
- Cluster analysis
 - Empirical subgroups of the coping strategies questionnaire-revised: A multisample study, 111
- Cognitive-behavioral treatment
 - Chronic pain management in a health maintenance organization, 50
 - Cognitive-behavioral treatment in unselected rheumatoid arthritis outpatients, 58
- Cognitive impairment
 - Pain assessment and treatment in children with cognitive impairment: A survey of nurses' and physicians' beliefs, 304
- Cold test
 - Block of pinprick and cold sensation poorly correlate with relief of postoperative pain during epidural analgesia, 6
- Community survey
 - Does gender affect appraisal of pain and pain coping strategies?, 31

- Cognitive-behavioral treatment in unselected rheumatoid arthritis outpatients, 58
- Does gender affect appraisal of pain and pain coping strategies?, 31
- Empirical subgroups of the coping strategies questionnaire-revised: A multisample study, 111
- Empirical test of the factor structure of the West Haven-Yale Multidimensional Pain Inventory, 24
- Non-pharmacologic strategies used by adolescents for the management of menstrual discomfort, 313
- Pain and somatosensory dysfunction in acute herpes zoster, 78
- Pain in nursing home residents: An exploration of prevalence, staff perspectives, and practical aspects of measurement, 92
- Self-reported abuse history and pain complaints among young adults, 85
- Validation of the Coping with Health, Injuries, and Problems Scale in a chronic pain sample, 41
- Validation of the premature infant pain profile in the clinical setting, 297
- Pain assessment
 - Biobehavioral responses to acute pain in adolescents with a significant neurologic impairment, 201
 - Pain measurement in persons with intellectual disabilities, 13
 - Relation between pain location and disc pathology: A study of pain drawings and CT/Discography, 210
- Pain drawings
 - Relation between pain location and disc pathology: A study of pain drawings and CT/Discography, 210
- Pain facility treatment
 - Prediction of "intent," "discrepancy with intent," and "discrepancy with nonintent" for the patient with chronic pain to return to work after treatment at a pain facility, 141
- Pain management
 - Non-pharmacologic strategies used by adolescents for the management of menstrual discomfort, 313
- Painmeter device
 - Analgesic effects of salmon calcitonin suppositories in patients with acute pain due to recent osteoporotic vertebral crush fractures: A prospective double-blind, randomized, placebo-controlled clinical study, 284
- Pain threshold
 - Effects of gender and acute dental pain on thermal pain responses, 233
- Pain tolerance
 - Effects of gender and acute dental pain on thermal pain responses, 233

Patient classification

- Improving the rate of classification of patients with the Multidimensional Pain Inventory (MPI): Clarifying the meaning of "significant other," 290

Physical therapy

- Short and long-term outcomes of children with complex regional pain syndrome type I treated with exercise therapy, 218

Pinprick test

- Block of pinprick and cold sensation poorly correlate with relief of postoperative pain during epidural analgesia, 6

Postoperative pain

- Block of pinprick and cold sensation poorly correlate with relief of postoperative pain during epidural analgesia, 6
- Pain assessment and treatment in children with cognitive impairment: A survey of nurses' and physicians' beliefs, 304
- Postoperative pain expression in preschool children: Validation of the Child Facial Coding System, 192

Prediction

- Validity of the *Dictionary of Occupational Titles* residual functional capacity battery, 102

Prevalence

- Pain in nursing home residents: An exploration of prevalence, staff perspectives, and practical aspects of measurement, 92

Procedural pain

- Pain assessment and treatment in children with cognitive impairment: A survey of nurses' and physicians' beliefs, 304

Psychiatric diagnoses

- Validity of self-reported drug use in chronic pain patients, 184

RCT

- Validation of the premature infant pain profile in the clinical setting, 297

Reflex sympathetic dystrophy

- Proximal myofascial dysfunction in Complex Regional Pain Syndrome: A retrospective prevalence study, 151
- Short and long-term outcomes of children with complex regional pain syndrome type I treated with exercise therapy, 218
- Signs and symptoms in complex regional pain syndrome type I/reflex sympathetic dystrophy: Judgment of the physician *versus* objective measurement, 224

Reflex sympathetic dystrophy (RSD)

- Subcutaneous infusion of lidocaine provides effective pain relief for CRPS patients, 67

Residual functional capacity

- Validity of the *Dictionary of Occupational Titles* residual functional capacity battery, 102

Return to work

- Prediction of "intent," "discrepancy with intent," and "discrepancy with nonintent" for the patient with chronic pain to return to work after treatment at a pain facility, 141
- Validity of the *Dictionary of Occupational Titles* residual functional capacity battery, 102

Rheumatoid arthritis

- Cognitive-behavioral treatment in unselected rheumatoid arthritis outpatients, 58

Salmon calcitonin suppositories

- Analgesic effects of salmon calcitonin suppositories in patients with acute pain due to recent osteoporotic vertebral crush fractures: A prospective double-blind, randomized, placebo-controlled clinical study, 284

Sex

- Does gender affect appraisal of pain and pain coping strategies?, 31

- Effects of gender and acute dental pain on thermal pain responses, 233
- Significant neurologic impairment
 - Biobehavioral responses to acute pain in adolescents with a significant neurologic impairment, 201
- Significant other
 - Improving the rate of classification of patients with the Multidimensional Pain Inventory (MPI): Clarifying the meaning of "significant other," 290
- Signs and symptoms
 - Signs and symptoms in complex regional pain syndrome type I/reflex sympathetic dystrophy: Judgment of the physician *versus* objective measurement, 224
- Somatization
 - Self-reported abuse history and pain complaints among young adults, 85
- Somatosensory thresholds
 - Pain and somatosensory dysfunction in acute herpes zoster, 78
- Spinal opioid
 - Disease-specific and generic health outcomes: A model for the evaluation of long-term intrathecal opioid therapy in noncancer low back pain patients, 122
- Subcutaneous lidocaine infusion
 - Subcutaneous infusion of lidocaine provides effective pain relief for CRPS patients, 67
- Subgroups
 - Improving the rate of classification of patients with the Multidimensional Pain Inventory (MPI): Clarifying the meaning of "significant other," 290
- Survey
 - Pain assessment and treatment in children with cognitive impairment: A survey of nurses' and physicians' beliefs, 304
- Synergism
 - Intrathecal coadministration of bupivacaine diminishes morphine dose progression during long-term intrathecal infusion in cancer patients, 166
- Tolerance
 - Intrathecal coadministration of bupivacaine diminishes morphine dose progression during long-term intrathecal infusion in cancer patients, 166
- Transdermal fentanyl
 - Severe respiratory depression in a patient with gastroparesis while receiving opioids for pain, 321
- Trigger points
 - Proximal myofascial dysfunction in Complex Regional Pain Syndrome: A retrospective prevalence study, 151
- Urine toxicology
 - Validity of self-reported drug use in chronic pain patients, 184
- Validation
 - Validation of the Coping with Health, Injuries, and Problems Scale in a chronic pain sample, 41
- Vertebral crush fracture
 - Analgesic effects of salmon calcitonin suppositories in patients with acute pain due to recent osteoporotic vertebral crush fractures: A prospective double-blind, randomized, placebo-controlled clinical study, 284
- Visual analog scale
 - Analgesic effects of salmon calcitonin suppositories in patients with acute pain due to recent osteoporotic vertebral crush fractures: A prospective double-blind, randomized, placebo-controlled clinical study, 284
- Workers' compensation
 - Validity of self-reported drug use in chronic pain patients, 184

STATEMENT OF OWNERSHIP, MANAGEMENT AND CIRCULATION (Act of August 12, 1970: Section 3685 Title 39 United States Code) Date Filing—October 1, 1999. Title of Publication—The Clinical Journal of Pain; Frequency of Issue—4 issues per year; Annual Subscription Price—\$140.00; Location or Known Office of Publication—Lippincott Williams & Wilkins, 12107 Insurance Way, Hagerstown, MD 21740; Location of the Headquarters of General Business Offices of the Publisher—227 East Washington Square, Philadelphia, PA 19106; Publisher—Lippincott Williams & Wilkins, 227 East Washington Square, Philadelphia, PA 19106; Editor—Dennis C. Turk, Ph.D., Department of Anesthesiology, University of Washington, Seattle, WA 98195; Managing Editor—Caren P. Erlichman, Lippincott Williams & Wilkins, 227 East Washington Square, Philadelphia, PA 19106; Owner—Lippincott Williams & Wilkins, a wholly owned subsidiary of Wolters-Kluwer, US Corp., 227 East Washington Square, Philadelphia, PA 19106, 351 West Camden St., Baltimore, MD 21201, 345 Hudson Street, New York City, NY 10014; Known Bondholders, Mortgagees, and other security holders owning or holding 1 percent of more of total amount of bonds, mortgages, or other securities—none. A. Total no. copies printed (*net press run*), average 3597, actual 3700; B. Paid circulation 1. Sales through dealers and carriers, street vendors and counter sales, average none, actual none; 2. Mail subscription, average 2335, actual 2097; C. Total paid circulation, average 2335, actual 2097; D. Free distribution by mail, carrier or other means. Samples, complimentary, and other free copies, average 197, actual 210; E. Total distribution (*sum of C and D*), average 2532, actual 2307; F. Copies not distributed 1. Office use, leftover, unaccounted, spoiled after printing, average 1065, actual 1393; 2. Returns from news agents, none; G. Total (*sum of E and F—should equal net press runs shown in A*), average 3597, actual 3700. I certify that the statements made by me above are correct and complete. Abbe Nelson, *Manager, Periodical Operations*.
